SPECTRA
STANDS APART.

You need a flooring contractor with the right products to meet your project requirements. You need a knowledgeable contractor that understands your budget and works within it. You need a contractor who moves effortlessly to meet your timelines. **You need Spectra.**

SPECTRA HAS STAYING POWER

Today, Spectra is proud to be one of the largest flooring contractors for the U.S. Government, providing sales and installations for numerous agencies. But it's not by accident that we're the biggest. There are numerous reasons for our staying power.

Consolidated Sourcing

Spectra is your one source for estimation to installation, eliminating the need for multiple contractors. We have a substantial network of 30 locations nationwide to serve you.

Value

Our flooring professionals are dedicated to providing the required products and solutions on time within any budget.

Experience

The Spectra team specializes in projects for the federal, state and local marketplace and gives clients a variety of options for purchasing. They can work with us directly or through GSA, TXMAS and CMAS contracts. Our work spans between government departments such as the DOD (including the US Army Corps of Engineers, NAVFAC and AFCEE), VA and DHS, as well as many other government agencies.

GOVERNMENT

SMART RENOVATION

Spectra is in tune with your unique needs, offering non-interruptive service that doesn't interfere with your workflow or training missions. Our seasoned professionals will guide you through each project to help you meet deadlines, budget requisites, sustainable designs and LEED requirements.

You'll also have access to our small business promotional program, comprised of a national network of businesses that meet a variety of small business classifications. Together, we can ensure you meet the necessary set-aside criteria for your projects.

STANDING STRONG

When Spectra Contract Flooring takes the lead, you can feel secure knowing you're doing business with a strong, viable company. Owned by a subsidiary of Berkshire Hathaway, Inc., we are fully insured with a significant bonding capacity unheard of for most contractors. This financial foundation ensures that we can contract on time, within your budget, and according to your specifications. We are dedicated to providing our customers the peace of mind that comes when you know your contract requirements will be met with guaranteed project performance.
